

British mountains, rivers and lakes

1. **Glen Coe:** In which direction does the River Coe flow?

- a) East to West b) West to East (circle your answer)

How do you know this?

The contour heights increase as you go East: water flows downhill.

2. **Ben Nevis:** What is the elevation (to the nearest 10m) of Lochan Meall an t-Suidhe (a small loch roughly halfway to the summit of Ben Nevis).

560 meters

3. **Helvellyn:** Does the small river 'Red Tarn Beck' flow **into** or **out of** Red Tarn?

- a) into Red Tarn b) out of Red Tarn (circle your answer)

4. **Scafell Pike:** In which direction does the River Esk flow?

- a) South to North b) North to South (circle your answer)

5. **Snowdon:** Which of these lakes has a higher elevation?

- a) Glaslyn b) Llyn Llydaw (circle your answer)

6. **Ogwen Valley:** Order the lakes 'Llyn Idwal', 'Llyn Ogwen', and 'Llyn Bochlwyd' from the **lowest** to the **highest** elevation.

Llyn Ogwen

Llyn Idwal

Llyn Bochlwyd

7. In which map / model will you find these features. The first one has been done for you.

*Glen Coe
(Loch Achtriochtan)*

*Ogwen Valley
(Llyn Ogwen)*

*Snowdon
(Small lakes in Cwm
Clogwyn)*
